To whom it may concern,

I am very pleased with the services of Jeff Hobbs and Segregation Holdings and the savings generated for my business. At the conclusion of their survey, Segregation Holdings actually exceeded our savings expectations by nearly 50%! This is a wonderful result for a new business and will greatly affect our bottom line. This service was well worth the investment and I recommend the services of Jeff Hobbs and Segregation Holdings to anyone in the dental industry.

Sincerely,
