Dear Mr. Hobbs,

I wanted to take a moment to thank you and Jenna Light for all you have done. Even though we are located in a remote area, you took the time to come out personally and evaluate the office to thoroughly conduct the cost segregation study.

I am very thankful my accountant recommended you to me. I had no idea that I would be able to recoup so much back from the depreciation schedule, even more than was estimated when I first talked with you.

I will be happy to refer you, along with everyone at Segregation Holding Limited, to all my colleagues. Thanks again.

Sincerely,

A handwritten signature in cursive script that reads "Jamie B. Epperson". The signature is fluid and includes a long, sweeping underline.
